HOBRON WILL SAIL IN THE 1908 RACE

EX-COMMODORE HOBRON SOLD THE YACHT GLADYS THAT HE MIGHT PURCHASE A NEW BOAT TO ENTER THE 1908 OCEAN YACHT RACE—HE WILL EITHER PURCHASE OR HAVE THE BOAT BUILT—WILL BE SCHOONER RIGGED.

The Hawaii Yacht Club will have a representative in the next trans-Pacific yacht race to be sailed in 1908. Ex-Commodore T. W. Hobron of the Hawaii Yacht Club is making plans to enter and if nothing comes up to prevent him he will sail. For that reason he sold the yacht Gladys so that he might purchase another and a larger boat. Mr. Hobron has not fully decided whether he will purchase a new boat or whether he will have one built. He

has only decided that the new boat will be schooner rigged and that it will be large enough to allow him to enter the race. "I will get into the race by some manner of means," said Mr. Hobron this morning "and so Hawaii will have a representative in the next race which according to the plans now made will be sailed in 1908. I think that Hawaii should have that big cup and I will try and get it for the club here."

WIRELESS CLEAR TO THE ANTIPODES

H. G. ROBINSON OF THE MARCONI COMPANY ANNOUNCES SOME VERY IMPORTANT PLANS.

H. G. Robinson of the Marconi Wireless Telegraph Company, who has been in these islands for several weeks, departed for San Francisco by the Sierra yesterday. He was called away unexpectedly by the arrival of his brother from Australia. H. G. Robinson stated just as he was boarding the steamer that he would return shortly from the mainland.

"You can state," he said "that the Marconi company will shortly establish a series of wireless telegraph stations from California clear through to Australia. There will be a station at Honolulu, one or more stations at New Zealand and Fiji and various stations about Australia. The intention is to establish wireless connection between America and Australia. The work is to be done under a government contract but the stations will however, be operated for commercial purposes. We have gotten the development of the wireless operating to that stage now, where it is a commercial possibility at the distance proposed in this Pacific system. We will, within a short time have the system under operation."

Robinson accompanied by several engineers arrived here some weeks ago by the S. S. Mowera from the Colonies where he had been engaged in arranging for the establishment of wireless stations. His brother remained in Australia to arrange further details.

COMPLAINT ABOUT GARBAGE.

Considerable complaint has been made about the condition of the garbage on the Waikiki side of the old fishmarket. The garbage is frequently scattered from the cans in that section and is both offensive to the olfactory organ as well as to health.

Delicious pies and cakes. Candy fresh every day. New England Bakery.

CLOSE TOUCH

with the most prominent exporting mercantile house of Yokohama, together with the large trade he carries on with the plantation stores all over the islands, enable K. Yamamoto to deal in all kinds of Japanese goods at a smaller price than any other Japanese merchant in Honolulu. Hotel street, near Nuuanu.

Fine Job Printing, Star Office.

Have You Made a Will?

It is a duty every man owes to himself and family to make a will, no matter how small his estate.

We will give advice on the subject free of charge if consulted.

PINKHAM REPORTS TO THE BOARD

BOARD OF HEALTH MET THIS AFTERNOON AND RECEIVED REPORT OF THE PRESIDENT.

The following is the report of President Pinkham to the Board of Health which met this afternoon:

To the Members of Board of Health: The usual electioneering permits for the Settlement have been granted. You are requested to confirm the appointment of Dr. George Herbert as a member pro tem of the Board of Examining Physicians from October 25, 1906.

Also to approve of the verbal request of David Kaubi to be admitted to the Settlement as a kokua to his wife.

You are requested to take formal action on the list of persons passed upon by the Board of Examining Physicians.

I herewith hand you the report of the Board of Medical Examiners in which they state they are unable to recommend Dr. Tsutsumi for a license to practice medicine and surgery in this Territory. You will note this examination, under protest, was conducted through Japanese interpreters. This case presents the remarkable and heretofore unheard of instance of an individual alien demanding the right to dictate to a friendly political entity in what manner it shall exercise its rights of sovereignty and regulate the domestic relations of its inhabitants.

The presumption is astounding and no known civilized country concedes such privileges.

The medical profession welcomes into its association irrespective of nationality any physician professionally and ethically qualified and the Japanese have been signally honored in these respects by both the profession and the Board of Health.

Very respectfully submitted,
L. E. PINKHAM,
President, Board of Health.

DYSPEPTIC.

"He used to complain because he never got what he wanted to eat."

"Yes, but he's very rich now."

"Yes, and now he complains because he never wants what he gets to eat."

DO NOT NEGLECT A BAD COLD.

Never allow a cold to take its course. Too often at this season of the year its course is toward pneumonia. Chamberlain's Cough Remedy will promptly cure your cold and counteract any tendency in this direction. You cannot afford to take such a risk for the small amount this medicine will cost you. For sale by all dealers. Benson, Smith & Company Ltd., agents for Hawaii.

The Queen Street Skating Rink will open Saturday night, November 3rd. Band music.

Yong Tells His Watercure Story

TESTIFIES BEFORE JUDGE LINDSAY THAT HE WAS GAGGED AND TIED UP AND WATER WAS Poured IN HIS MOUTH, IN PRISON—LINDSAY TO DECIDE WHETHER THE CONFESSION WAS VOLUNTARY OR NOT.

Yee Man Yong told his water cure story to Judge Lindsay, in court this afternoon. He told of being arrested on March 13, and said that shortly after he reached the jail Henry Vida struck him and threatened to kill him, unless he confessed to the crime with which he was charged. On the next day came the water cure.

Yong said that Vida and two other officers tied his hand and foot, then placed a piece of stick in his mouth and tied it fast with strings round the back of his head. Then they laid him flat on a box and began to pour water in his mouth. They did this till he choked and water ran out of his eyes, ears, nose and mouth. Then Vida told him to confess. Yong said he answered that he had done nothing wrong and therefore couldn't confess.

Lightfoot interrupted to ask about the stick gag. Cathcart objected that the question was leading and Fleming remarked that Lightfoot couldn't interrupt to help a witness who had testified to an impossibility. "He seems to have testified to talking with a stick tied in his mouth," said the judge. The objection was sustained.

Yong went on to tell of further ill treatment. He claimed that after the failure of the water cure Vida resorted to blows again, and called him numerous vile names, besides threatening to kill him.

The jury in the case has been excused till tomorrow morning, the present proceeding being merely one in which Judge Lindsay is to decide whether Yong's confession was obtained by duress, or should be allowed in evidence as one freely given.

W. O. SMITH REPLIES TO M'CLANAHAN

POINTS OUT THAT THE CUBAN QUESTION IS AN OLD ONE AND HAS BEEN CONSIDERED BY THOSE HAVING IDENTICAL INTERESTS WITH HAWAII—CLAIMS THAT THE REPUBLICAN PARTY HAS ALWAYS BEEN THE TRUE FRIEND OF HAWAII.

Honolulu, October 31, 1906.
E. B. McClanahan, Esq., Democratic Candidate for Delegate to Congress, Sir: In reply to your open letter in this morning's P. C. Advertiser, I would state:

The first I knew of your remarkable contention in favor of your candidacy were statements which you made at an informal meeting of gentlemen just prior to your departure for Hawaii, and after that I heard little of what you were doing until last Sunday morning's paper gave what purported to be your address at the Aiala Park meeting the night before.

This published statement was your first public utterance before the voters of Honolulu, and I had intended to make reply at the Republican meeting to be held at the same place on Monday evening, although suffering at the time with a severe cold. On Monday forenoon it becoming evident that I could not attend the meeting I dictated from the bed the brief statement which was read at the meeting.

So far from devoting 3 weeks to the preparation of a written argument it has been difficult for me in this matter to take you seriously. Your argument, after being divested of uncertain glittering generalities, amounts to this:

(1) There is danger of Cuba being annexed to the United States.

(2) If it is annexed it will be by the Republican party.

(3) The Republican party favors the annexation of Cuba.

NEW RATES FOR ISLAND RAILROADS

VARIOUS CORPORATIONS ARE AFFECTED BY THE NEW REBATE BILL PASSED BY CONGRESS.

The rate regulation bill which was passed by Congress this year will affect all of the railroads of the Hawaiian Islands. The provisions of Representative Hepburn's bill apply to Hawaii, distant as the islands are from the gigantic railroad system of the mainland.

In consequence of the act going into effect this month all of the railway companies of these islands, the Oahu Railway and Land Company, the Kaula Railroad Company and the Maunaloa Railroad and the Hilo Railroad Company have found it necessary to readjust their rates and to make provisions for complying with the various details of the law. The law requires that the same rates shall prevail to all shippers, in other words that rebates shall end. Notice of the schedule of rates and other details of the operation of the railroads have to be posted in the various depots of the companies and these provisions are now being complied with as the act went into effect October 1.

The new law does not affect water transportation except where it has been the custom for the water transportation company to fix the direct rate to any point over a railroad. Formerly the Inter-island Co. would take freight from Honolulu shipped clear through over any of the railroads in these islands. Under the new law the rate on the shipment can be made only over the line of water route of the company to the water terminus of a railroad company, and the railroad company then takes charge of the rate for the shipment over its line.

CASTELLANE TRIAL BEGUN.

PARIS, October 31.—The Castellane trial was begun here today.

TEN INDICTMENTS FOR FALSE REGISTRATION

TERRITORIAL GRAND JURY ACTS VERY QUICKLY IN THE MATTER OF ALLEGED EFFORTS TO STUFF THE REGISTER IN KAKAAKO—THREE DEFENDANTS ARRAIGNED BEFORE JUDGE LINDSAY THIS MORNING FOR PERJURY.

The Territorial Grand Jury yesterday returned ten indictments for perjury, against persons who are alleged to have falsified the register in Kakaako. Three of the defendants, Jose L. Walloch, of Honolulu, in the Island of Oahu and in the Circuit aforesaid and within the jurisdiction of this Honorable Court, on the eighth day of October, in the Year of Our Lord One Thousand Nine Hundred and Six, being then and there an attorney, George D. Gear made a vigorous stand for trials at once, intimating that the action of the Grand Jury was politically inspired.

The form of the indictments is as follows: "The Grand Jurors of the Territory of Hawaii, duly empaneled and sworn in and for the Circuit Court of the First

Judicial Circuit, of the Territory of Hawaii, upon their official oaths, present that Jose Walloch of Honolulu, in the Island of Oahu in the First Circuit at Honolulu, in the Island of Oahu and in the Circuit aforesaid and within the jurisdiction of this Honorable Court, on the eighth day of October, in the Year of Our Lord One Thousand Nine Hundred and Six, being then and there an applicant for registration as a voter within the Territory of Hawaii before the legally constituted Board of Registration of the Island of Oahu, and being then and there examined under oath as to his residence, such residence being a matter material to his applica-
